<https://www.arinformareprofesionala.ro>**Nr. reg. 451/08.11.2021****EXAMINATION PROCEDURE AND APPEALS****-ADVANCED AERONAUTICAL MEDICINE COURSE-**

1. The final examination will be conducted by testing the knowledge acquired by passing a written assessment test and a practical test. The written test will consist of a grid test consisting of 50 questions with a single correct answer, items selected by the final examination committee from the questions proposed by the lecturers of the course. The practical test will consist in solving a practical case specific to the activity of AME.
2. The commission for the examination and evaluation of the final test will be made up of two people who will be appointed by the organizer and as signatories of the final diplomas. The final diploma will also be signed by the representative of INMAS, a partner institution in ensuring the practical part of the course.
3. Participants who meet the registration conditions published on the site and obtain a minimum average of 7 in the two final exams will be issued a diploma in accordance with current legislation. Those who do not meet the registration conditions will not be admitted on taking the final exam and a diploma of participation will be issued to them.
4. The final examination of the course will take place on 17.12.2021, the rescheduled examination date due to the rescheduling of the practical part of the course for objective reasons, caused by the pandemic we are going through.
5. The final examination committee will include Dr. Lupu Leonard Marin and Dr. Bakri Camelia Lucia.
6. This procedure also provides for a chapter of appeals, which will be submitted within 24 hours, following that an appeals commission composed of a member appointed by AACR and a member of ARINI SRL will analyze the appeals.
